The Nellie K. Parker PTA collects \$7 from each person for membership. To maintain our active status with the National, State and County PTAs, portions of this membership are distributed to these organizations. The portion that remains as NKP PTA income is used to help fund many of the cultural, educational and entertaining activities, programs and events for our children. **DID YOU KNOW** only the General PTA Membership Body makes all decisions concerning activities, distribution of funds, etc? Your membership entitles you to a voice in the decision making process and a vote for all aspects of your PTA.

The small amount we charge goes a long way in providing benefits, services & rewards for our children!
